Our live auctions, and silent auctions occurring will be the highlights of this event. Look for examples of items to be auctioned to be posted on our club website and other social media over the next several months.

We encourage all to bring collections for displaying and to be available for member viewing. We had several extremely nice and informative displays during our March 2021 event, and awards will again be presented for select categories. More information to follow on criteria.

We will be holding a Bull and Brews (show and tell seminar) on Thursday evening. We will also be hosting a show on Saturday during this special fall event

Live auctions will be held on Friday evening and Saturday afternoon, with approximately 200 items per auction. Several silent auctions will be held Thursday and Friday afternoons as well. We will host a social event prior to our Friday live auction.
